

Castel de Cantobre Gîtes

Toll road options are in red and I drive motorways at 112 km/h, knock 1:15 hr off total time if you drive at max speed of 130 km/h.

Non-toll options are in green.

Total time (with good traffic) is about 9:15 hr and 69 € in tolls.

Crossing the Millau Viaduct costs 10 € - it only saves you 10 minutes.

Add 1 hr to 1:30 hr for human and car refuelling, I do the journey (avoiding the viaduct) in 10:30 hr; stretching legs and eating quickly.

CAPITALS are places to actually drive to, lower case for direction only.

Calais - A26-A1 - Paris -Cantobre
